Certificates

From Zero to Hero - Digital Product Development
2025, Technical University of Munich (TUM)

Enterprise Design Thinking Practitioner
2023, IBM

Foundations of User Experience (UX) Design
2021, Google

Experience

Interaction Designer, Digital Product School, by Unternehmer TUM
Sep 2025 - Present, Garching, Deutschland

- Defined and designed intuitive interaction models for humanoid robots, enabling seamless real-time communication between construction workers and safety systems powered by SAP
- Translated complex AI behaviors into clear, human-centered interfaces that improved safety awareness, reduced communication friction, and enhanced trust between workers and autonomous agents.
- Conducted field studies and testing to understand worker interactions with humanoids and translate insights into adaptive communication and reporting interfaces.

UX/UI Designer, Aufait Technologies
Apr 2023 - Aug 2024, Calicut, India

- Led design research and interface branding initiatives, driving digital transformation and boosting business growth by 70%.
- Developed design system guidelines that were pivotal in the successful Posteros merger, ensuring consistency and scalability.
- Delivered UX research, UI design, prototyping, and agile collaboration with cross-functional teams through workshops and implementation support.

UX/UI Designer, Bblewrap Innovations
Dec 2021 - Mar 2023 , Kochi, India

- Directed UX research, workshops, UI design, prototyping, and usability testing, improving processes across 3 major projects and 10+ product concepts.
- Drove 150% business growth for Blastline Institute by applying a user-centric product design approach.
- Enhanced brand identity and communication by delivering impactful graphic design, visual strategies, and marketing collateral.

Education

Masters in Design Research, Hochschule Anhalt(Bauhaus)
Oct 2024 - Sep 2025 , Dessau, Germany

Field of Study   Research, Design Thinking, Methodology, User Centered Design

Bachelors in Product Designing, FDDI
July 2014 - March 2018, Chennai, India

Field of Study   Product Design, Design Thinking, Marketing
